Strasburg Railroad Ronks, Lancaster County

Have you been to Strasburg Railroad? The larger-than-life coal-burning steam train is just the beginning. Ride the Cagney Steam Train, a miniature version; operate a hand-powered Pump Car or watch the little ones "steer" the pint-sized Cranky Car.

Hungry? You can pack a lunch or you can enjoy food, drinks and entertainment while riding aboard Strasburg Rail Road, or grab a bite at our Trackside Café.

Across the road is the Railroad Museum of Pennsylvania, where you can explore a world-class collection of more than 100 locomotives and rail cars on display, including the priceless Pennsylvania Railroad Historical Collection. And nearby is the National Toy Train Museum - another world-class collection.
